I shouldn't wonder but with some this important question is causing much loss of sleep and much reading of political large platforms, etc. but through ical lore, platforms, etc., but through it all, the Salvation Army keeps to the front its creed, that nothing short of the Lord Jesus Christ will ever cure the wrong of this world, and make it a real consults.

of mall and business awaiting me. Among it I found considerable news that cheered my heart. Naturally Selfed \$200. He had quadrupled his target of 50. Koloa did nothing last year, which makes this even more remark-able. A letter from Walmea told me they were not through yet, but the tar-get has been raised and passed. Then Captain Matthis informed me that Ho-

Mail from the Hilo lassies tells me that, although feeling a little lone-some, yet the good work is going on. Some of those who came forward in our meetings are keeping on the right track and two more have started on the way. Captain Bamberry also sends the news of two good cases of conversion in Wailuku. He visited them the following morning at 6:30 a. m. to find out how they were getting along, and reports "all well." Truly God has answered prayer in these cases. Then the balance of his letter is most excellent, and is enough to make the different War Cry entors and publishers jump for joy. He says, "Please have my order for the Pacific Coast War Cry increased from eighty to 100; the Japand two more have started on the way

der for the Pacific Coast War Cry in-creased from eighty to 100; the Jap-anese Cry from 100 to 200. Get me fifty of the Chinese Cry, a dozen of the German Cry, and a dozen Spanish Crys, f there are any such published." Bamberry means it. McLeod will back him up. Friend Lewis will have to look to his

laurels, or Bamberry will pass him. Still, Bamberry is a long way from selling the same number of War Crys on Maul as are sold on Kaual. Captain Matthis tells me that she finds it just as easy now to get rid of the 660 received as she did the 330 that used to be taken. She hints at increasing another hundred or two, so that Oakland's position is now far from be-

ing sate.

It is most gratifying to see the lively interest taken in the Salvation Army by all classes on the Islands. All kinds, too, are being represented among those who come to the penitent-form. We

The first proposition came to a head while I was away, and a number of these men were brought to trial, but the cases were thrown out. One bright feature of this rather sad business was the action of a little Japanese lassle who, determined to leave the life into which like we way there she had who, determined to leave the life into which, like so many others, she had been forced against her will, bravely took the stand against her owner. For an Oriental, this was a bold thing to do; it called forth the approbation of all right-minded people.

During the trial and since we have taken care of her in our home, and I never look at her but I rejoice that she has been rescued from that life. A temporary rescue home, on a small scale, is here.

Queen Kaahumanu and Kalaimoku built a third thatched church in 1825, between

the residence of Kalaimoku and the old royal tomb. The fourth grass church was built in 1825 for a congregation of 4,-

FUND IS STARTED FOR CHRISTIAN REFUGEES

How deeply Honolulu sympathize with the Christian refugees from China who are gathering in numbers from the central provinces and hastening to places of safety in Japan is evidenced by the fact that in a single day, with paid on or before the day and hour of but little notice given out that funds sale: I arrived back in safety from Ha-wali, and was welcomed home to the bosom of my family. Found a big stack the sum of \$400 was raised for them. for their assistance were being secured

Some of these men and women have arrived at Yokohama and other ports in almost destitute circumstances, having had to fly from their posts of duty in some captain Matthis informed me that Ho-nolulu's total was \$392.15, so that the amount now in sight is \$900, which is more than double the District target.

To God be all the praise! they could for these refugees but their funds were not adequate to care for the great numbers that came and tney have sent appeals for help to Christian people all over the world.

On Sunday the matter was mentioned

from the pulpits of several churches and subscription lists were started in charge of W. W. Hall, W. L. Hopper and T. G. Thrum with the result that the money came in very rapidly throughout the day. Mr. Hall said late last evening that he had received some thing over \$200 and that he knew of a least \$200 more which had been taken in and he believed that a considerable sum beyond this had been taken up but was not able to give the sum. The subscription lists will be kept open until the arrival of the next steamer to China, which will be the Coptic on Thursday and the money received will be sent to Yokohama at once. It is likely that if the fund swells as rapidly today and tomorrow as it did at the outset that Honolulu will contribute in the neighborhood of \$1000 to this worthy object.
